March 12, 2009

Displays By Martin Paul, Inc. would like to thank Joe Norton and everyone at Bug Juice for the purchase of their 100,000 Hi-Vis cooler door rack. Bug Juice has been a valued customer of Displays By Martin Paul, Inc. The staff at Bug Juice has always been wonderful to work with.

Bug Juice is a favorite drink of children, with its appealing variety of flavors and intriguing name that kids really go for. It is a big hit with parents too since it meets the 100% daily requirement of Vitamin C, and the size of the bottles make it easy for the children to handle.

Bug Juice can easily be found at your local grocer and most convenience stores throughout the country. Just look on the glass cooler doors of the stores for our HVB-6B Hi-Vis racks, personalized with the cute Bug Juice logo.
